**OPERATING AS USUAL**

Elmhurst® is an innovative plant-based beverage company. All varieties are created through a unique HydroRelease™ method, which uses water to harness the full nutritional content of raw grains, nuts, or seeds. We craft simple, nutritious and delicious plant-based nut, grain and seed-based alternatives. The products are naturally creamy with up to five times as many nuts than leading brands without the use of any added gums or emulsifiers. Our unique method and packaging also allows for safe consumption over longer periods of time and the products boast a longer shelf life with no need to refrigerate before opening. Elmhurst's Milked line, Barista Editions, and Hemp-based Creamers are all made using only raw ingredients, never pre-processed industrial pastes. All products are verified non-GMO, gluten free, vegan, dairy & lactose free, and kosher.
